Motivations for using Michener Library

Top activities recorded during Furniture Sweep

Seating Location = Level of Interaction & Noise

Figure 1.

Top five reasons that students are motivated to use Michener Library spaces:

1. Where I can be productive and get my work done. This is the library!
2. I really like the atmosphere! I like the people who have similar things to do.
3. I need to work on a group project. I choose the rooms with group work stations.
4. A quiet space for reading or studying is available.
5. The Library is open 24/7 and has everything I need.

Michener keeps me on track academically. When I have homework to do, I come here. I can focus with no distractions.

Michener is a new ministry of quiet and interaction. The Library can be a big help to you!

I can't get away from home and need a quiet place to work. Michener is a nice quiet space. I love the atmosphere. I like to be around people who have similar things to do.

When I look back I have been here with a purpose. I'm here to work. Michener has a coloring, calming effect.

Michener Library provides valuable support to students and community members of the University of Northern Colorado. The library is a comfortable space, full of great resources and technology, and a place where students can learn, study, and interact. With the variety of activities in their academic work, the varied spaces with specialized resources such as technology and more flexible work, the historically low GPA and finish degrees within six years.

The historically low GPA and finish degrees within six years.

Mixed methods yielded rich, complex data, which suggested that the services available such as laptop computers in the building; other labs were mentioned as not being as good as those in Michener.

A sense of calm, a shared interest in focused work, the varied spaces with specialized resources such as technology and more flexible work, the historically low GPA and finish degrees within six years.

Conclusions
